Introduction to FloFit

FloFit is a flexible and fully demountable push-fit plumbing system. The product is suitable for all domestic and small commercial hot & cold water installations, including central heating for both pressurised (unvented) and combi (vented) systems. FloFit enables the installer to undertake a faster, easier and more cost effective installation. Independent testing confirms time-saving of up to 40% compared with traditional methods.

FloFit Fittings are manufactured in accordance with BS7291. PT: 1/2/3 and are a . (All FloFit pipe is kitemarked to BS7291 Parts 1 & 3, Class S, Licence no 36801 and WRAS approved).

System Features

- Lightweight and easy to handle.
- Grip ring seal connection.
- Fully demountable.
- All products supplied with white collet clips (which prevent accidental pipe release).
- Coloured red and blue collet clips allow easy identification of hot & cold water installations.
- Maintenance free white finish.

System Benefits

- Pipe flexibility aids installation and cabling through awkward, confined and less accessible areas.
- Installation time reduced.
- The risk of fire generated by the use of blowtorches is removed.
- Lead free and non-toxic.
- Excellent chemical resistance.
- Good long-term durability.
- Reduced costs through quicker installation and the use of multi-length pipes.
- Negligible scale build up.
- Reduced water hammer noise.
- Less noise from expansion and contraction caused by water flow.
- Good thermal resistance to freezing conditions.

Push-Fit Fittings for FloFit Pipe
Straight Couplings

	Code	Size
	FC10	10mm
	FC15	15mm
