

Quality Control Engineer

Job Summary

At FloPlast Ltd we design and manufacture a range of specialist plastic building and plumbing systems used widely in UK construction industry.

Reporting to the Quality Control Manager, you will be responsible for the implementation of, and adherence to, all Company and factory control procedures to ensure compliance with all statutory requirements of Health & Safety, Environmental and Quality. You will also be responsible for managing the QC Technicians and QC Inspectors; including holidays, performances, task allocation, and ensuring all testing is correctly logged in our systems.

This is a full-time position working Monday to Friday 8:00am to 4:30pm with a daily unpaid break of 30 minutes (divided into one 10-minute break and one 20-minute break).

Key Responsibilities and Duties

The responsibilities and main duties for this position include, but are not limited to:-

- Perform technical validation of products, raw materials, components, and traded goods, including reading technical drawings and TDS
- Act as deputy for the QC Manager when required
- Analyse data to identify trends and issues.
- Create and maintain testing sheets and inspection's SOPs
- Support root-cause investigations using problem solving tools
- Maintain and improve housekeeping in the Quality lab (5S)
- Ensure all measuring and testing equipment is maintained and calibrated
- Reporting of all incidents or accidents through the correct channel

About You

You'll be technically minded and have a minimum of 2 years' experience working as part of a quality team in a manufacturing or testing laboratory environment.

You'll have / be:

- Strong understanding of inspection, testing and quality control methodologies
- The ability to read and interpret technical information (technical drawing and specification)
- Excellent attention to detail with strong communication and reporting abilities
- Capability to work as part of a team and/or on own initiative and under pressure
- IT literate

Desirable Skills / Experience Qualifications:

- CMM measurement
- 6 sigma
- 5S
- Experience with ISO 9001 and industry standards

About our Benefits

- Weekly pay.
- Salary of £33-£35k - depending on experience
- Christmas Bonus (subject to company performance.)
- Training and opportunities to grow your career with us.
- Company pension.
- SIP – ability to become a shareholder via our Share Scheme.
- Benefit Platform offering health, wellbeing and money saving opportunities.

To apply please email your CV and a covering letter to Barbara Blackwell, HR Officer – barbarab@floplast.co.uk

The closing date for this role is subject to change and may be closed earlier than advertised.

Due to the volume of applications, only applicants selected for interview will be contacted.
