

Quality Control Inspector

Job Summary

At FloPlast Ltd we design and manufacture a range of specialist plastic building and plumbing systems used widely in UK construction industry.

As a Quality Control Inspector, you will be responsible for monitoring product quality and assisting in maintaining the Company's Quality System.

This is a full-time position working Monday to Friday on a rotational 3 shift basis with a daily paid break of 30 minutes, divided into one 10-minute break and one 20-minute break.

Shifts are as follows:

7am to 3pm

3pm to 11pm

11pm to 7am

Key Responsibilities and Duties

The responsibilities and main duties for this position include, but are not limited to:-

- To undertake and record production inspection in the manufacturing unit to maintain the Company's product quality. This includes start-ups, in process inspection and last offs in accordance with ISO9001 procedures.
- To monitor and check products being assembled and bar coded on the Company's automatic assembly machines as well as manually.
- To undertake perpetual stock checks of product leaving production for the stores.
- To collect and report production scrap on a shift basis.
- To assist in the Goods Inwards activities and provide cover if and when necessary.
- To assist with the inspection of export orders prior to despatch.
- To undertake testing of products as and when required for production, for batch release of bought in products and when assisting the Quality Manager in the development of new products.
- To assist in maintaining the Company's Product Specification Sheets within the Company Business System.
- To assist in entering data in the Company's Quality Management System.
- To assist the Quality and QUESH Managers in maintaining and operating the Company's Health and Safety and Environmental procedures.

About You

You'll enjoy working in a busy environment where you can roll your sleeves up and get hands-on. You'll be flexible and able to adapt to the different tasks and daily priorities which help us run efficiently.

You'll also have:

- Good literacy and understanding of English (written and verbal).
- Ability to work with high levels of accuracy and attention to detail.
- Ability to multi-task.
- Capability to work as part of a team and/or on own initiative and under pressure.
- Good written and verbal communication and interpersonal skills.
- Willingness to learn.

Previous experience in manufacturing or quality would be advantageous but is not essential as full training is given.

About our Benefits

- Weekly pay.
- Hourly rate of £14.33 increasing to £14.67 upon successful completion of a 6-month probationary period (inclusive of a rotational shift premium).
- Christmas Bonus (subject to company performance).
- Training and opportunities to grow your career with us.
- Company pension.
- SIP – ability to become a shareholder via our Share Scheme.
- Benefit Platform offering health, wellbeing and money saving opportunities.
